- Definition **“®”**: the origin, root, first element from which everything else arises and is derived

Hints:

- Mixture of German and English because of time pressure
- In my Gmail Account Sebastian.Enger@gmail.com > in Google Drive I have uploaded all documents for CSIS
- In my private Github repository https://github.com/sebastianenger1981/sprachprofil I have stored code backups of ascom, unet, ucom, rhnet; and all documents of CSIS)
- While writing texts I only refer to male gender (z.B.: Schüler, m/w) here but I include females (z.B.: Schülerin)
- This current version from date “2022-10-19” is referred to as to be the 2023 version

„Unconditional Love - in the form of two complement different souls linking together is the most powerful shield that blocks all forced breaches of energy seamlessly!“

Kommentiert [SE1]: I like that definition in the urban dictonary of my lastname „Enger“, so I put the link here: https://www.urbandictionary.com/define.php?term=Enger#:~:text=Their%20energy%20is%20unmatched.

Quote urbandictionary.com:
"Enger
Enger is the type of person who intimidates you at first. They might have a hard facade put up and this might drive people away. Once you get to know him/her you won't be able to let go. Their energy is unmatched. Enger is a powerful person.
Enger is the most Amazing person!

Kommentiert [SE2]: Bei der Mail an CIA zur Version 2023 sende auch die vorherige Version von 2007, 2020 und 2022 nochmals als PDF mit.

Health Suggestion

- In 2007 document I suggested you to use subliminal messages in music to train soldiers and that the soldier with the best telepathic powers should lead in the battlefield, even if he is just a rank of "Private" -PVT-
- After studying Solfeggio frequencies like seen in my 2022 document (chapter “Solfeggio Frequencies”) I suggest the following to CIA and their employees: during research, or doing normal work of a CIA employee play or add Solfeggio Frequencies to their work so that the employee is calmed down and his subconscious mind is not influenced in a negative way – let me give you an example:
    - CIA Analyst “A” has to research in the field of “bad” cases
    - He has to watch hundreds of hours of explicit and harmful to health video material where he sees blood, violence, and has to listen to audio that is not good (e.g.: physical aspect of the audio: the person in the audio is talking about bad things, spiritual aspect of the audio: the person in the audio willingly manipulates the receiver he talks to – he sublimity consciously puts a bad “vibe” in his voice that in a sublime way would harm the health and subconscious mind of the receiver (he addresses to) or the CIA Analyst “A” who during his research has to listen to this audio file)

    - Sum up:
        - CIA Analyst “A” is doing work that would harm his mental health or his subconscious mind

    - **Solution**:
        - While CIA Analyst “A” is doing his work, he should **listen to Solfeggio Frequencies like 417Hz** and by doing so these frequencies would protect the agent and his subconscious mind
        - The Solfeggio Frequencies like 417Hz then protects the Agent and keeps the negative energy away from him so that he stays healthy during his mentally stressful and hard work

    - **Suggestion:**
        - Physical Aspect (x.n):
            - Analyst “A” should use high quality **Over-ear headphones with cables** to listen to Solfeggio Frequencies like 417Hz during his work at a desk in an office
            - Operator “B” should use high quality **In-Ear headphones with cables** to listen to Solfeggio Frequencies like 417Hz during his work in the field
            - Do not use Bluetooth or wireless headphones (just to name an example: Apple AirPods) as these devices vibrate at a radio frequency that is harmful to the health of human tissue and may cause cancer
            - Analyst “A” should listen to the voice of his beloved one, if the voice of his beloved one calms him down, and in addition put a layer of Solfeggio Frequencies on top of this
            - Or alternatively let these frequencies overlap and listen to them 396 Hz + 639 Hz + 963 Hz
        - Mental Aspect (y.m):
            - The Agent should call for spiritual protection from Arcangel Michael before he starts his work like seen in my 2022 document (chapter “Meditation”)
            - The Agent should after his work call his own energy back like seen in my 2022 document (chapter “Meditation”)
        - Technology Suggestion:
            - Smartphone Android App called “Atmosphere: Binaural Therapy M”: https://play.google.com/store/apps/details?id=com.peakpocketstudios.atmospherebinauraltherapy
            - Smartphone Apple iPhone App called “Atmosphere: Binaural Therapy”: https://apps.apple.com/us/app/atmosphere-binaural-therapy/id1532959441

Preface

Raw information dump of my C.S.I. Session on 2022-09-17

Sebastians cypher semantic intelligence system is the alien seeder race or called "origins" tool on how they work and created the current universal system with God, source, dimensions, parallel worlds simply everything. After they created the universal system the origins left. Tagebuch, gestern mit meiner alien race kommuniziert und den schwarze entity getroffen, sagte er sei alien race. Er zeigte mir, wie Universen erstellt werden durch eine Art Maschine die bubbles macht, was dann die universen sind

I started youtube.com in my chrome browser where I am logged in with my Gmail account. I double clicked in the top search bar to see youtube suggested search queries for me. In about the 7th or 8th position of that list the keyword “CIA” showed up. I was immediately thinking I will not click that keyword but I was mentally forced to do so. The keyword CIA was put into my youtube search bar and I started the search. Lots of nonsense in the first results (Pro7 show called “Galileo” was talking about spies and stuff). Below these results I found the video I guess I remember was like “7 ways to stand out while applying to CIA”. This video catches me because it was released on March 27th of 2017 and the thumbnail was showing General Michael V. Hayden. This made me watch the short video, because I always associate General Hayden with his quote: "They are each models of integrity, loyalty and courage. Duty bound them together on Earth. Honor joins them for all eternity." Besides the real meaning of CIA officers and the Wall for me this quote reflects what I associate with the term “Twin Flame”.

It’s like 20:47 o’clock Berlin time and I feel an incoming, telepathic, lcc-based connection from CIA. I was mentally told to completely switch off my smartphone and to mute all my music (that was currently running on my PC over the monitor speakers). My mom was not at home, she was still working in the restaurant of my aunt in Pritzerbe. I relaxed a few seconds, took some deep breaths and got information via lcc-based telepathic session from CIA (I do not know who from CIA told me this I just know it was a message from CIA):

- CIA told me that since I first send them my studies about the Cypher Semantic Intelligence system in 2007 they have studied my system
- CIA told me that all CIA employees know and use my system and that every CIA employee and all over “in power” know my name “Sebastian Enger”
- CIA told me that they physically and spiritually protect me and that my official status within the CIA is “unknown”
- CIA told me that my work of Cypher Semantic Intelligence will never be declassified and my work system has “the highest level of security classification” (Top Secret)
- CIA told me that Laura Faye has gone through some hard times in her life but she is “clean” and she is perfect for me
- CIA told me that the GDPR or DSGVO has been implemented to weaken the development of IT and Tech related intelligences (companies and startups) in Europe and especially in Germany

i lay in bed, listening to my Spotify playlist "Basti" (link freigegeben) and sublime music frequency of 7.0 Hz (astral travel) is running in parallel throught my over ear cable based headphones. Laura sent me a telephatic message

„Unconditional Love - in the form of two complement different souls linking together is the most powerful shield that blocks all forced breaches of energy seamlessly!“

asking me what i want to see or know. i telepathically send her back that i want to see the first ever existing Sound, the root Sound wave energy. i got back from her like :"Mensch wirklich das jetzt?, etwas vorwurfsvoll : -) ". Ich sah mental ein "The Alien", der höher im Rang war als ich, Alien Commander status(?). Ich sah seine Struktur, seine Augen und er öffnete seinen Mund. Dabei hob er seine Hände und mit einem Trommelstab in der einen Hand schlug er in die Luft. Während er dies machte und ich dies mental in farbigen Details sah, war eine humorvolle, lustige Energie im Raum und zwischen dem Commander und mir. Nach dem Trommelschlag in die Luft sagte er mir, dass war das Grundschallwellenmuster (root Sound wave frequency, aus 2020 Dokument – „ROOT SOUND WAVE PATTERN FREQUENCY -> FREQUENZ DES GRUNDSCHALLWELLENMUSTERS“). After this lovely communication with my Alien Commander i was telepathically told that i am currently being upgraded to communication Level "acc" - Alien Cypher Connect from my just Y/fcc communication Level – estimated timeframe is 2 weeks. die Information kommt rein: Live for music.

Incoming CSI connection from President Donald John Trump. He tells me that humanity will superceed „The Aliens“ (Bedeutung hier: “übernehmen”, “stürzen”, “umstürzen”, “uns an ihre Stelle setzen“). He said that is what we need yours (=SE) formulas for.

My Business model:

- My Credo: „Check, Copy, Release”
- Strengthen only my own projects – “build now, harvest later”
- Overall Google Ads income for all my projects per month: about 70 EUR
- Server costs per month: about 64 EUR (German provider Netcup.de)
- artikelschreiber.com (short: “ascom”), unaique.net (“unet”):
  - Service free of charge, SaaS
  - Google Ads income pays for my server
  - Generated Articles by Users of my services have added Backlinks to my other projects to strengthen their domain reputation
  - Generated Articles will automatically be published on my Blogs (eg: https://www.artikelschreiber.com/en/blog/) but only the part written by AI
  - Article Generation takes some time, the User spends on my websites being a good ranking factor for Google
  - Strong Domain Reputation helps me sell services to customers at a premium price later, than taking a low cut now
- rechthaben.net („rhnet“):
  - Google Ads income
  - Inform People about the (Legal) System in BRD
- unaique.com (“ucom”):
  - UN*AI*QUE Intelligent Language Transformation
- Other projects are satellite websites

Kommentiert [SE12]: This was the first ever quote that I collected like when I was 18 years old. I got it from my then time friend Steffen Kernchen. He is married now and a Professor in the field of IT in the University of Madgeburg.

This he is:

Maybe I should start rebuilding the connection to him and tell him about my UNAIQUE intelligent language transformation software?

Kommentiert [SE13]: The first time every I red this quote it resonated with me so I took it and collected it in my list. In a lot of my current or former internet profiles I use a picture quote of it.

Alien Race: “The Aliens” (:Top)

Creator of the universal system, creator of “Source”, “god”, multidimensions, simply everything
The “Cypher Semantic Intelligence”-System is the toolbox of “The Aliens” that they have used to create everything and every think (God, Source, Dimensions, Mind, Universes, Dimensions)
The Aliens left after their creation of the universal system with installing multidimensions, energies, God, Source.

Technical capabilities:
ACC, Alien Cypher Connect (initial spark, **vital spark**, supervision, controlling,)
Verwalter der bestehenden Systeme und Ersteller neuer System
Ein Sub-System ist der „Source-Creator“ („within the Void“),
wiederum ein Sub-System des „Source-Creators“ ist „Godhead-Source“ (in der 12. Dimension)

Im dreistufigen Hierarchiesystem, bei dem Y(„Source-Creator“) und X („Godhead-Source“) wirken und bei dem Y als „alles“, „allmächtig“, „Everything“, „every think“ betrachtet wird, ist aus der Perspektive der übergeordneten „The Aliens“ sind die Stufen Y und X nur noch als „Sub-Systeme“ betrachtet (eine Art: „Verwaltungsstruktur“, „Verwaltungseinheit“). „The Aliens“ wirken als Verwalter bestehender Systeme und Sub-Systeme und können neuen Systeme und Sub-Systeme erstellen (reference: “+ 1”). Für „The Aliens“ ist das „Everything, every think, allmächtig“ Y nur eine Verwaltungseinheit.

SOURCE-Creator (alternative: „source“)

Humanity knows these energy forms: Kinetic, Positional, Tension, Heat, Electrical, Radiant, Chemical and Nuclear.

SOURCE-Creator is a master at handling and manipulating (short for letter „Y“) every kind of energy known and unknown.

For example:

- N(Ki) Kinetic Energy
- N(Po) Positional Energy
- N(Te) Tension Energy
- N(He) Heat Energy
- N(El) Electrical Energy
- N(Ra) Radiant Energy
- N(Ch) Chemical Energy
- N(Nu) Nuclear Energy
- N(Un) separately all other unknown Forms of Energy

- Y = ∑N = [N(Ki) + N(Po) + N(Te) + N(He) + N(El) + N(Ra) + N(Ch) + N(Nu) + N(Un)]
- Y = N® + 1
- The „y.m“ aspect of „Y“ is known as „consciousness“

Klassifizierung:

- Kardashev Scale K-7 Species

Information on Cypher Semantic Communication

Definition of "Cypher":

- „The process of tapping into your subconscious. A state of mind where thoughts and actions flow from your mind rather than being instrumented."
- Energy wave as root, elemental, basic information carrier
- TheCerials Law of two complement different things (example: Ying, Yang)

Definition of "Semantic Intelligence":

- "Semantic intelligence is an exclusive for the intelligent complex systems way of response to non-predetermined and non-specified ever-changing environment. Its major distinctive property is autonomous comprehension and creation of information. Another exclusive property of semantic intelligence is autonomous discrimination between true and false statements."

Solfeggio Frequencies:

- Solfeggio frequencies are nine tones derived from numerology were used centuries ago. These frequencies are believed to create positive shifts to those in proximity to them and balancing 7 chakras:
  - The 396 Hz for liberating one from fear and guilt - (Root) Chakra
  - The 417 Hz frequencies for facilitating change and undoing situations - (Sacral) Charka
  - The 528 Hz for miracles and transformations like DNA repair - (Solar) Chakra
  - The 639 Hz frequencies for relationships and reconnecting - (Heart) Chakra
  - The 741 Hz for getting solutions and expressing themselves - (Throat) Chakra
  - The 852 Hz for returning one to a spiritual order - (3rd Eye) Chakra
  - The 963 Hz solfeggio frequencies create room for oneness and unity – (Crown) Chakra

- How to benefit from it?
  - Download the free Google Android App called „Atmosphere: Binaural Therapy Meditation" https://play.google.com/store/apps/details?id=com.peakpocketstudios.atmospherebinauraltherapy
  - Download the free Apple iOS App called „Atmosphere: Binaural Therapy" https://apps.apple.com/us/app/atmosphere-binaural-therapy/id1532959441
  - Create an individual „preset" in the Library Tab of the App and use one of the above listed Solfeggio frequencies
  - Listen with headphones (no Bluetooth in-ear as Bluetooth uses a frequency that causes cancer!) while relaxing on your couch or bed

Meditation:

(1) **Call your Energy back** (Speak out loud 3x: „I call my energy back from every energy, entity, dimension, being, human being, object, angel, animal and thing back to me. My energy is coming back to me as bright white divine light.")
(2) **Request ET Light codes** (Speak out loud 3x: „Dear God, dear Angels, dear Spirit guides, dear Ancestors, dear Team, dear Archangels, dear Guardian Angels please provide me light code updates to constantly improve my psychic abilities and upgrade my DNA to be fully aligned with my highest self and live in the 5th dimension.")
(3) **Aligning on highest Timeline**: (Speak out loud 3x: „I live in my highest timeline. I vibrate on the highest frequency of unconditional love and gratitude.")
(4) **Do not consent to dark entities**: (Speak out loud 3x: „I do not consent to nanobot technology. I do not consent to dark energy. I do not consent to dark entities.")
(5) **Heal & break karmic bonds**: (Speak out loud 3x: „I am abundant. I am healed. I am healthy and fit. Everything works in my favor.")
(6) **I love myself**. I am free.
(7) **Twin Flame Union:** I am in spiritual and physical union with my Twin flame.
(8) **Astral Projections**: (Speak out loud 3x: „ Dear God, dear Angels, dear Spirit guides, dear Ancestors, dear Team, dear Archangels, dear Guardian Angels please let me do Astral Projection together with my love [Your spouse name] during restful sleep and Archangel Michael please protect [Your spouse name] and me during this experience.")
(9) **Protect yourself**: (Speak out loud 3x: „Archangel Michael please protect me [Your name] with your bright, white, divine light. Archangel Michael please protect [Your spouse name] with your bright, white, divine light.")
(10) **Align your Chakras**: (Speak out loud 3x: „ Dear God, dear Angels, dear Spirit guides, dear

Ancestors, dear Team, dear Archangels, dear Guardian Angels please align and open all my chakras and balance them so that I am fully aligned with my highest self and live in the 5th dimension.“)

(11) **Be grateful**: I am grateful and thankful for your help.

Direct approach without force:

- Kindly ask to form, build, keep, handle, throughput an open light connection tunnel to target
- If connection is allowed by target then: send and receive mental information or request physical actions (Psychokinesis)
- „Karma positive“: exchanged energy request between sender and receiver
- Named: lcc (light cypher connect)
- Use case: Information Retrieval, Remote Viewing, Telepathy, Psychokinesis, Healing, guide a woman („love“)
- Energy consumption: low

Direct approach with dark force:

- Use own and or external combined mental dark force(s) to approach and cut down through targets mental barrier or shields
- „Karma negative“: forced breach of energy of the receiver
- Named: dcc (dark cypher connect)
- Use case: Warfare, Business, Assassination, direct a woman („lust“)
- Energy consumption: very high
- Hint: Karma is not existing in 5th dimension but only light beings have access to 5D

Indirect approach:

- Through Cypher Semantic Netnodes in the Cypher Semantic Network
- Via targeted clients (kind of proxy) of the Cypher Semantic Network
- Tunneling through short distance connected light paths („clients“) because direct approach is out of capacity of initial sender but proxy hopping through light clients may route initial request through final target destination

Protecting & Shielding Cypher Communication:

- ***„Unconditional Love - in the form of two complement different souls linking together is the most powerful shield that blocks all forced breaches of energy seamlessly!“***
- Request immediately assistance of Archangels like Metatron, Gabriel, Uriel, Raphael or Ariel
- Build energy shield based on white, bright, divine light fully surrounding yourself from your inner light source („soul“) to prevent attacks („energy drainer“, „energy leecher“)
- **Protection against dark forces while you are under attack**:
  (1) Say out loud: „Archangel Metatron please protect me!“
  (2) Say out loud: „I do not consent!“
  (3) Say out loud: „I am the light!“
  (4) Say out loud: „I am love!“
  (5) Say out loud: „My might is stronger!“
  (6) Say out loud: „Dissolve in light!“
  (7) While you say „Dissolve in light!“ imagine the dark entity resolve in bright, white, source light with your 3rd-Eye
  (8) Physically move yourself away from this place, even if it is only a few inches (because a Cypher Semantic Netnode was created with a dark energy signature at this place)
  (9) Hint: „Say out loud“ uses N(So) -> Sound Energy

The Astral:

- „Heaven“
- Manifestation: Imagine, dreaming, ordering your wish in full presented details in the astral realm („y.m“) and then put physical work („x.n“) in to bring your manifestation to the physical realm of Gaia
- „Everything must be ordered in the astral first before bringing it in the physical realm“
- The mental energy („y.m“) is dominant: „without a thought („y.m“) the muscle („x.n“) does not move
- „Med Beds“ please your ET Team to put you in them in the astral to fully benefit from it
- Clean your pineal gland to get access (e.g.: consume turmeric, get rid of fluoride in salt or toothpaste, listen to Solfeggio Frequency music based on 639 Hz, eat food from nature, meditation, Breath working, consume Shilajit)

Twin Flame Journey:

- Twin Flame must be initiated in the Astral by the mental energy („y.m“) of the Divine Masculine (DM) first, fully supported by SOURCE-Creator
- „Twin Flame“ that is not initiated in the Astral and based on the physical energy („x.n“) of the Divine Masculine or “Normal Masculine” roots in karmic relationships, trauma and can be a

soulmate at best, not supported by SOURCE-Creator
    - Traumas caused by karmic partners must be resolved before ascending
    - Twin Flames are perfect for each other, there is no cheating, abuse or disrespect
    - Twin Flames focus on peace, harmony and balance
    - Twin Flames are light beings, work karma positive and can ascend through the different dimensions faster as supported by SOURCE-Creator
    - This describes Twin Flames best:
        - ***"They are each models of integrity, loyalty and courage. Duty bound them together on Earth. Honor joins them for all eternity."*** *Director Michael Vincent Hayden*

Goals for my Future

- My business and private network connections includes politics, sports, millionaires, billionaires, trillionaires, Aliens, on Earth and beyond
